

FPF Legislative Session Report

April 24-28, 2017

We reported last week that a new proposed Senate Bill, SPB 7030, would be heard Monday in Governmental Oversight & Accountability Committee. We were in attendance at the meeting and were prepared to testify, but the time allocated for the committee did not permit the testimony; however, our position on the bill was introduced into the record.

SPB 7030 provides for the treatment of a health condition or impairment of a full-time firefighter, which is caused by multiple myeloma, non-Hodgkin lymphoma, prostate cancer, or testicular cancer. Should this result in total or partial disability or death, it will be presumed "in the line of duty".

The bill also expands the survivor benefit for investment plan members killed in the line of duty, and is retroactive to 2002. The bill also allows for renewed membership in the investment plan for former participants.

However, the bill changes the default enrollment into the FRS, which can dramatically reduce the retirement benefits for a majority of our members. For that reason, we cannot support the bill as written.

While the cancer presumption is important to our members, it will only affect the members that are afflicted with these cancers. We do not believe that trading a cancer provision that affects a small portion of our members for a benefit reduction that could affect a majority of our members is an acceptable exchange. The bill passed the committee last Monday by a 4 to 3 vote. The next stop for the bill is Monday, May 1st, where an amendment has been filed to remove the special risk class from the default change.

Two other bills are in the early Monday morning schedule, state group health insurance and workers' compensation. Both of these issues have an economic impact and affect the budget and our members' benefits.

The budget process was moving extremely slow last week, but ramped up quickly mid-point of this week with the House and Senate leaders agreeing on a \$83 billion budget that is between the \$81.2 billion House plan and the \$85.2 billion plan the Senate was offering.

The basic plan the House and Senate agreed to funds one of Senator Negrón's key issues, \$64 million for a Lake Okeechobee reservoir plan, and provides \$200 million for Speaker Corcoran's "Schools of Hope." There is \$300 million in pay raises for state workers, which is a priority for Senator Latvala.

However, prior to finding this common ground, the House was prepared to pass a "standard operating budget" aimed at continuing the functions of state government largely at current levels. The Senate quickly dismissed the so-called continuation budget as "ineffectual" to which President Negrón said our constituents deserve and expect more.

We have one week left in the regular session and ample bills to move. Jack Latvala is not in favor of moving to a Washington, DC style of budgeting and believes it's still a possibility to complete their work on time. Jack said, "If we get in gear today, tonight, tomorrow, we can still get it done." Two of Jack's priorities, cancer presumption and state employee pay raises, are still in play and part of the budget deal.

The State Constitution requires a 72-hour cooling-off period before lawmakers can vote up-or-down on the final budget, so the budget must be finished by Tuesday for the session to end on May 5th. We will have a full complement of boots on the ground next week anticipating an extremely busy week.

The local bills have passed the House, most with a single no vote. The bills have been sent to the Senate in messages and referred to the Rules Committee that will send them to the floor in a group for a single vote.

In addition to Vice President Rocco Salvatori and Secretary/Treasurer Gilbert Marsh, we had 5th DVP Watler that traveled to Tallahassee; their assistance is greatly appreciated.

RETIREMENT

[HB 5705 Relating to State-administered Retirement Systems Appropriations Committee](#) [Companion Bill: HB 5701 \(Appropriations Committee\)](#)

FPF Position: Watch

State-administered Retirement Systems: Revises required employer retirement contribution rates for members of certain membership classes & subclasses of FRS; provides finding of important state interest.
